Mobility
Driving licence (B), own car · Cross-border commuter, eligible for a G permit

LANGUAGES

French	NATIVE
English	C1 · CEFR
Italian	B2 · CEFR

SOFT SKILLS

- **Autonomy** — sole developer of my module at Lappi Soft, from design to documentation
- **Teamwork** — group projects of 2 to 4 people using Scrum
- **Adaptability** — worked with 5 different tech stacks in 3 years
- **Analysis** — regression and gradient descent implemented from scratch

INTERESTS

Competitive skiing & snowboarding
National level, 13 years of practice · Combloux ski resort

Horse riding
3rd, French Show Jumping Championship 2019 (Club Hippique de Pont-l'Abbé) · French Polo Champion (Polo Club Reden, Gouesnac'h)

REFERENCES

Contact details available on request

Maxime Bernard
Founder & Director, Lappi Soft
→ internship supervisor, Apr – Jun 2026

Luc Damas
Web Development Lecturer, IUT Annecy
→ project referee, CUBE Bikes & Twitter Clone

PORTFOLIO
mateobourdin.github.io
Code, architecture and demos for every project

> *In the third and final year of a Bachelor's degree in Computer Science (BUT Informatique, Application Development track) at IUT d'Annecy, I am seeking a 16-week internship starting on 19 January 2027. A full-stack developer (C#/.NET, Vue.js, Python) with first professional experience in a video game studio, I bring a strong background in maths and data/AI, the field I hope to pursue in a Master's.*

PROFESSIONAL EXPERIENCE

Software Developer — 2nd-year Internship, Lappi Soft — Apr – Jun 2026
Independent video game studio · fewer than 5 employees · Pers-Jussy, France

- Independently designed and developed the "Discovery Diary" system in C# (12 scripts, ~2,400 lines) for the game "The Inspector" (Unity)
- Built an editor tool for asset import, wrote bilingual EN/FR developer documentation, achieved a 42× performance gain (2 to 84 FPS) on the test scene

Volunteer Game Designer — MagicalSky — Feb 2025 – Mar 2026
Community Minecraft server (magicalsky.fr) · team of 13–14 volunteers · remote

- Created mobs and items (MythicMobs, MMOItems), set up Paper servers and Java plugins, 3D modelling (Blockbench)

Sales Assistant — Intersport — Summer 2024
Sporting goods retailer · ~20 employees · Fouesnant, France

- Advised customers on sports equipment, managed stock

Bakery Assistant — Carrefour Market — Summer 2023
Supermarket · 30–40 employees · Bénodet, France

- Prepared bakery products, carried out quality checks

TECHNICAL SKILLS

Back end — C# / ASP.NET Core (advanced), Python / Flask (advanced), Java (intermediate), PHP / Laravel (intermediate)

Front end / Mobile — Vue 3 (advanced), HTML / CSS / JS (advanced), Flutter (basic)

Data & AI — PostgreSQL (advanced), EF Core (intermediate), MongoDB (basic) · NumPy, pandas (advanced), TensorFlow (basic): regression, PCA, image classification

DevOps & tools — Git (advanced), Docker Compose, GitLab CI/CD (intermediate), Kubernetes (in progress) · Unit and integration testing (MSTest, Moq) · Linux, Windows Server · AI-assisted coding (Claude Code)

UNIVERSITY PROJECTS

CUBE Bikes — E-commerce platform (fictional) — ASP.NET Core / EF Core REST API, Vue 3 + Pinia front end, JWT authentication, Stripe, PostgreSQL. Team of 5, IUT Annecy.

Twitter/X Clone — Social network — Laravel/PHP, PostgreSQL, Redis, WebSockets, containerised with Docker. Team of 4, IUT Annecy.

3rd-year labs — ASP.NET Core API with unit and integration tests (Moq, PostgreSQL), Flask + TensorFlow app on Docker, GitLab CI/CD pipelines. IUT Annecy.

EDUCATION

Bachelor's degree in Computer Science (BUT Informatique) — 2024 – 2027
Application Development track · IUT Annecy, Annecy-le-Vieux, France
French national Bachelor's degree (3 years, 180 ECTS) — 3rd and final year in progress
Top of class in mathematics, 16.5/20 average in the last semester
3rd-year courses taught in English, at the initiative of the IUT and its students

Integrated preparatory year for engineering schools — 2023 – 2024
ENIB (national engineering school), Brest, France

French Baccalauréat with Distinction — Maths & Computer Science — 2023
High-school diploma · Lycée Sainte-Thérèse, Quimper, France
Cordées de la réussite 2022 (French equal-opportunity programme): 1st place — graph analysis of a student network (Python, Graphviz)
